\_\_\_\_\_ advised that one \_\_\_\_\_ is LOUIS ARGER of 6128 North Keating Street in Chicago. He furnished the following information:

At the request of his \_\_\_\_\_ who is \_\_\_\_\_ of the Super Arcade located at Congress and South State Street in Chicago, he began seeing LOUIS ARGER as a patient several years ago. He does not have any personal information regarding ARGER. ARGER is currently suffering from diabetes, heart failure (shortness of breath) and chronic bronchitis. He sees ARGER on an average of two or three times a week. He has told him to go out for only a couple of hours at a time although he does not know whether or not he follows these instructions. ARGER usually visits his office alone. He was quite ill at the end of February with a cardiac cough. He has been told to avoid excitement and is currently taking digitalis for his heart. Contrary to the way that he should feel, weak, he thinks he is a very strong individual. No money is taken from ARGER because of his relationship with the doctor's brother although he has offered to pay.

Citizenship Status

CG T-1 advised on April 21, 1964, that approximately one week ago a report had been turned in to the Immigration and Naturalization Service (INS) requesting revocation of citizenship of LOUIS ARGER because of his failure to indicate an arrest and conviction in 1928 when he subsequently applied for citizenship. CG T-1 stated that although the arrest record of ARGER is maintained in the files of the Chicago Police Department, they have been unable to locate the fingerprints taken at the time of the arrest which would support the arrest.
